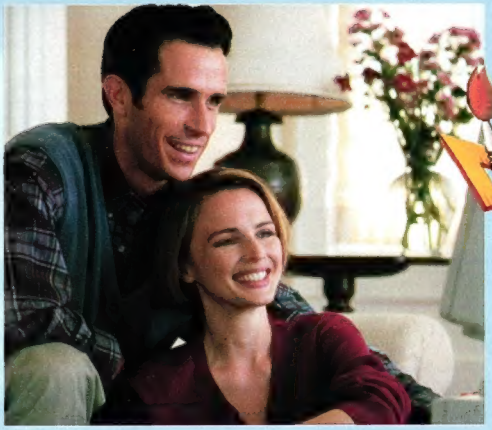
Microsoft Home

Winter/Spring 1995

Microsoft®

HOME SOFTWARE CATALOG



One of the best things about Microsoft® Home is the scope of the collection. The extensive choice of titles offers exceptional technical and visual QUALITY, great depth of content, and many hours of stimulating fun and productivity. Whatever the age, whatever the topic, you'll find a remarkable source of interest for just about anyone in your home.

The Microsoft Home collection TRANSFORMS your computer into a dynamic source of knowledge, fun, and adventure. Turn your computer into a reference library, a tutor, a home office, or an entertainment center.

Microsoft Home products make it EASY to do more. The titles all have icons and tools that are designed to make computing intuitive. And wizards, online Help, and tutorials get you going fast. Plus, every Microsoft Home product is fully GUARANTEED. Use any of our products for 90 days and if you are less than satisfied, we'll give you your money back. Plus, most Microsoft Home products come with unlimited, no-charge telephone SUPPORT via a toll line should you ever have any questions.

MICROSOFT HOME SOFTWARE COLLECTION

Offering thousands of ways for kids to explore science, nature, art, and writing, these multimedia titles stimulate creativity and learning through fun.

Pages 22–29

HOME & SMALL BUSINESS MANAGEMENT

Handle your tasks faster and more efficiently with Microsoft Money, Works, and Publisher.

Pages 30–35

SIGHTS, SOUNDS & GEAR

From screen savers to keyboards, software to hardware, get the most out of your computer.

Pages 36–38

See your retailer. Retailer prices may vary.

For more information about the complete line of Microsoft products for your home, call (800) 228-6270 (in the U.S.) or (800) 563-9048 (in Canada).

People who are deaf or hard of hearing can reach Microsoft text telephone (TT/TDD) at (800) 892-5234 (in the U.S.) or (905) 568-9641 (in Canada).

REFERENCE & EXPLORATION

From the vast depth of knowledge found in Microsoft Encarta™ to the classic films of Microsoft Cinemania,® Microsoft Home is an exciting new way to explore the world. The dusts of ancient civilizations resurrected, the roar of long-dead dinosaurs, the species teetering on the verge of extinction—you'll find them all in Microsoft Home.

NEW UPGRADE VERSION

Microsoft Encarta '95

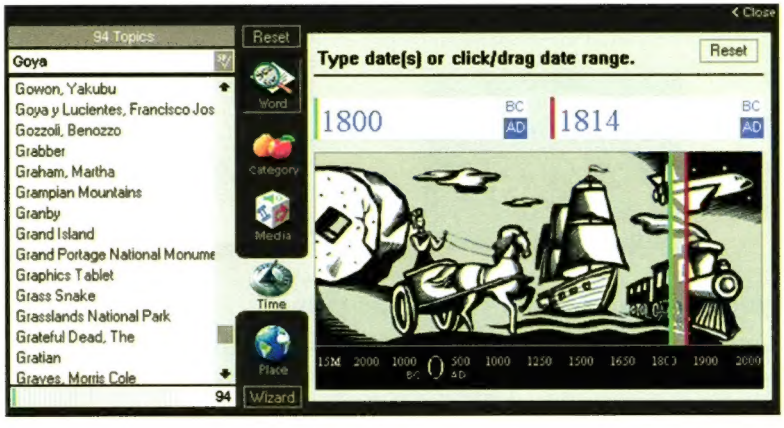
The New Way to Know.

When it comes to the pursuit of knowledge, there isn't a better, more dynamic way than the Microsoft Encarta multimedia encyclopedia, 1995 Edition. Encarta has powerful tools to help you locate facts, research topics, and browse through a rich world of multimedia information. Updated annually by Encarta's editorial staff working with authorities in every field, Encarta '95 offers more than 26,000 fully updated articles.

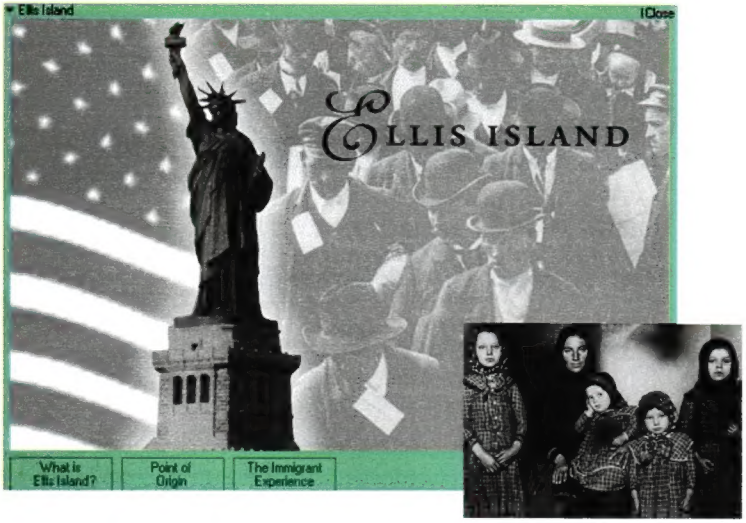
• Through the power of multimedia, Encarta '95 brings information alive like no other encyclopedia. More than 100 videos and animations, ranging from the elections in South Africa to cell division, explain complex events simply and clearly. More than nine hours of sounds enrich articles about animals, music, history, literature, and more.

• The new, unique Pinpointer search tool finds the information you need quickly and easily. Look up any article in a single step. Or research a topic by defining search criteria such as word, time, place, category, or media. For example, enter "Music, America, 1950–65, with Pictures and/or Audio included," and the Pinpointer will quickly present related articles—choose Chuck Berry and start learning.

- **What's New in Encarta '95:**
  - **More than 10,000 articles reviewed and updated**
  - **More than 300 completely new articles**
  - **Now more than 9.5 hours of audio**
  - **New videos of recent events**
  - **New Pinpointer search tool**
  - **New, easier-to-use design**
- **Awards:**
  - **Highly Recommended**
    American Library Association, *Booklist*
  - **1994 Best CD-ROM Title**
  - **1994 Best Education Title**
  - **1994 Best Reference Title**
    Multimedia World Readers' Choice
  - **All-Star Award**
    Children's Software Review

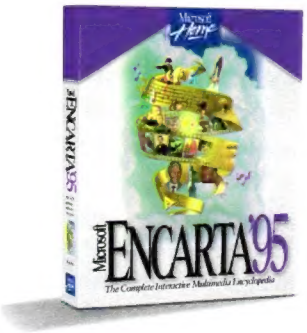


The Pinpointer search tool lets you find facts quickly. Define criteria such as "Europe, Artist, 1800–1814" to find articles on this topic; choose Goya to get started.



Experience the Encarta '95 contents in exciting new ways through InterActivities. Feel history come alive as you listen to immigrants tell their stories of coming to the United States, via Ellis Island.

- Encarta's InterActivities offer learning and fun in a unique new feature! The World Languages InterActivity lets you pick and play common phrases spoken in as many as 60 languages. Other InterActivities let you explore Ellis Island and world music, or test the nutritional value of your diet.
- Quick, intuitive, and dynamic, Encarta '95 also integrates with your word processor to give you creative opportunities to incorporate text, images, and sounds into reports and documents.
- A complete 29-volume encyclopedia on a single CD-ROM. Find facts and learn from the 26,000 articles in Encarta.
- Annual editions offer up-to-date information with the newest ways to access it.
- The MindMaze game tests your knowledge.
- The interactive Illustrated Timeline of World History lets you explore the vast panorama of history with hundreds of links to related articles.
- The interactive Atlas whisks you to any country you choose, where you can zoom in to close-up maps and pictures, and hear language pronunciations and other sounds.
- The Media Gallery gives you instant access to over 8,000 photographs, illustrations and charts, 800 maps, and 40 detailed city maps, and enables you to create your own slide shows.
- New Country Fact Boxes introduce you to 40 countries worldwide.



- **Microsoft Encarta '95:**
  Windows™ CD
  US **$99.95**
  Canada **$139.95**
  Mac® CD available in early 1995.

Microsoft Bookshelf '94

The New Way to Look it Up.

Microsoft Bookshelf® '94 redefines reference, with lightning-fast searches, easy access to information, and rich sound, video, and animation. Simply put, the Bookshelf CD-ROM reference library is the new way to look it up!

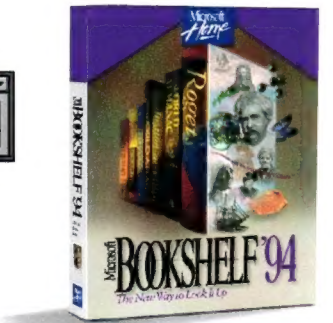
• Bookshelf '94 includes updated versions of *The American Heritage Dictionary, The Original Roget's Thesaurus, The Columbia Dictionary of Quotations, The Concise Columbia Encyclopedia, Hammond Intermediate World Atlas, The People's Chronology,* and *The World Almanac® and Book of Facts 1994.*

• Bookshelf '94 brings reference material to life—complete with more than 60 animations and video clips of historic events. You'll be amazed by all you hear—more than 80,000 spoken pronunciations; 40 audio clips of John F. Kennedy, Dylan Thomas, and others; and more than 160 national anthems. You'll also find 230 flags and more than 160 maps. And automatic links quickly take you to related topics throughout Bookshelf '94.

Working in another application? The QuickShelf feature takes you into Bookshelf—and finds the information you need—with a single mouse click.

• Now you can spend your time using information rather than looking it up. Bookshelf '94 makes it easier to search seven reference books in seconds for just the information you need. You can even copy and paste images, text, or audio into documents. And if you're working in another application, the QuickShelf™ information retrieval tool takes you into Bookshelf—and finds the information you need, such as synonyms, quotes, and facts—with a single mouse click.

• Bookshelf boosts your word processor by giving you more than your existing thesaurus and dictionary. It's a far richer resource crammed with multimedia sounds, images, and animations. All of which can be accessed with a single click.



- **What's New in Bookshelf '94:**
  - **–*The People's Chronology***
  - **–QuickShelf information retrieval tool**
  - **–New video clips**
  - **–Pop-up definitions**
  - **–Easier-to-use interface**

Microsoft Bookshelf '94 brings reference material to life, complete with video and audio clips.

NEW UPGRADE VERSION

Microsoft Cinemania '95

The Entertaining Guide to Movies and the People Who Make Them.

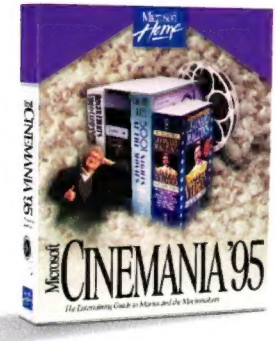
Entertaining and informative, the Microsoft Cinemania interactive movie guide is the fast, fun way to see and hear it all: reviews, biographies, movie scenes, and much more. The unique Cinemania Suggests offers film and video choices that may otherwise escape your notice—real gems chosen by film buffs who really love a good movie.

Cinemania puts the silver screen on your computer with nearly 20,000 reviews, beautiful full-color movie stills, dialogue excerpts, movie clips, and more.

• Identify films of interest by searching for genre, actor, director, Academy Awards®, star rating, and MPAA rating. Just click the Remote Control to access dialogue, video segments, and movie stills.

• Cinemania also includes the complete text of Leonard Maltin's *Movie and Video Guide 1995*, featuring nearly 20,000 reviews; and extensive information from Roger Ebert's *Video Companion* and Pauline Kael's *5001 Nights at the Movies*. Plus, even more reviews, articles, and a glossary taken from CineBooks' *Motion Picture Guide*, *The Encyclopedia of Film*, James Monaco's *How To Read a Film*, and Ephraim Katz's *The Film Encyclopedia*.

• Follow the lives and careers of more than 4,000 movie personalities, with fascinating biographies and filmographies. There are more than 2,000 photographic portraits and 1,000 motion-picture stills, plus more dialogue and video excerpts and movie scores than ever before!



- **What's New in Cinemania '95:**
  - Cinemania Suggests
  - More than 300 new reviews
  - More movie stills, dialogue, and film clips
  - More powerful ListMaker
- **Awards**
  - **"A" Rating** *Entertainment Weekly*
  - **Editor's Choice** *CD-ROM Today*

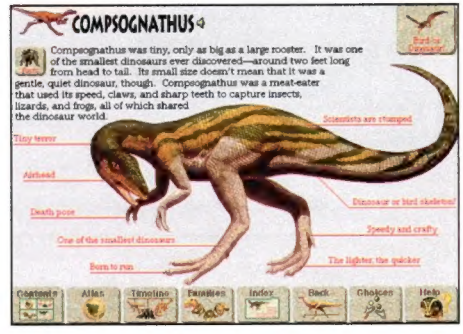
People and politics. Mysteries and monuments. Daily lives. Travel back in time as old civilizations come alive!

Microsoft Dinosaurs

Explore the Incredible World of Prehistoric Creatures.

Microsoft Dinosaurs is entertaining, educational, and easy to use. You're just a mouse click away from the Mesozoic era and its "terrible lizards." Take narrated guided tours with noted dinosaur expert "Dino Don" Lessem. Watch exciting full-motion video from the PBS series "The Dinosaurs!" Or go exploring on your own personal dinosaur dig.

- Grab your jungle gear, put on your pith helmet, and brace yourself as you hear dinosaurs growl and roar. Then see them loom close through more than 1,000 full-color, detailed illustrations.
- Where did Herrerasaurus live? How do you pronounce Piatnitzkysaurus? How do scientists find dinosaur bones today? No question goes unanswered, no fossil unexamined as you dig up long-buried facts about the amazing age of dinosaurs.
- Take your favorite dinosaur out for the day. Put dinosaur images into presentations or documents for your own personal use. Or print dinosaur fact cards.



COMPSOGNATHUS
Compsognathus was tiny, only as big as a large rooster. It was one of the smallest dinosaurs ever discovered—around two feet long from head to tail. Its small size doesn't mean that it was a gentle, quiet dinosaur, though. Compsognathus was a meat-eater that used its speed, claws, and sharp teeth to capture insects, lizards, and frogs, all of which shared the dinosaur world.

Microsoft Dangerous Creatures

Explore the Endangered World of Wildlife.

What a workout!
Cheetahs work harder for their food than most cats do. Each attempt to run down prey costs a lot of energy, and many attempts end with the cheetah going hungry.

Hear a twig snap underfoot. See a flash of fur race through the trees. Was that the hunter or the hunted? Find out, through rich images, sound, text, and video, how these amazing creatures really live.

- Discover dangerous creatures the world over. Where do they live? Trees? Caves? Who are their enemies? Which are endangered species, and what can you do to help?
- See extraordinary creatures come to life in 100 exciting, narrated videos.
- Wolves howl. Toads croak. A snake shakes its rattle menacingly. You'll hear it all, plus pronunciations of names and words.
- Get close to more than 250 of the wildest creatures on earth through 800 detailed articles, hundreds of full-color photographs, and hours of sounds and narration, all reviewed by World Wildlife Fund.
- Explore by yourself, or choose a narrated tour from three expert guides, including an adventurous naturalist and a nature photographer. You'll be amazed and amused for hours!
- See through a chameleon's eyes. Race a cheetah. Entertaining hands-on activities turn discovery into doing.
- Plus, copy or print images for your personal use.
- Your purchase of this product will help support the conservation efforts of World Wildlife Fund to protect the world's endangered species and their habitats.

BYRON PREISS MULTIMEDIA

The Composer Series immerses you in the music, lives, and times of some of history's most celebrated composers. The majesty of Beethoven's Ninth Symphony, *the emotions of Mozart's* Dissonant Quartet, *Stravinsky's regal* Rite of Spring—*you'll discover a rare detail of knowledge with every title in the Composer Series.*

Microsoft Composer Collection

Take an illustrated, interactive journey into the music of three very different—and uniquely gifted—composers. This three-CD set brings you more than 15 hours of multimedia exploration into the lives and work of Beethoven, Mozart, and Schubert. You'll never listen to classical music the same way again. Nor enjoy such a remarkable value.

In each title, the *Close Reading* feature delves into the evocative piece through compelling commentary and informative charts that let you actually see the shape of the music as you listen to it. With the *Pocket Audio Guide* you can compare movements and drop in and listen where you want. Special sections discuss the orchestra, its instruments, composition insights, and the music's poetic inspiration.

You delve into the day-to-day lives of the composers, learning from renowned classical music experts and full-color artwork from the period. Also, entertaining musical games challenge your understanding of the composers' work!

Microsoft Multimedia Mozart
Mozart's World
Escape to Vienna
Outside the city walls were estates such as the Belvedere, whose property was acquired by Prince Eugene in 1693. Between 1700 and 1725 he installed lavish gardens, a summer home (the lower Belvedere), and a reception hall (the upper Belvedere). The three-quarters of a mile north to the inner city was essentially a flat, open plain.

The True Challenge of Golf for Windows.

It's a crisp, sunny fall day at the famous Firestone Country Club, and you're ready to tee off with Microsoft Golf. The celebrated Firestone South course is precisely contoured with detailed graphics. You hear birds chirp and the solid *whaaack* of your driver as you power down the fairway. After a great 3-wood drive, your caddie selects for you a pitching wedge and you take a few practice swings. Watch for the lake to the front right of the green and the sand traps beyond.... And so begins another fabulous round of golf.

- Feel like you're actually there with beautiful, 256-color, photo-realistic views and true-to-life sounds. Then go one better, with customizable views of the green and analysis of the course profile.
- Choose your stance, ball position, club face, and swing plane.
- Customize the animated golfer to reflect your hair color, skin tone, and favorite golf shirt color.
- Analyze your last shot with instant replay in forward or reverse views. Or save a shot to show a friend.
- Select your own bag of clubs for every game.

With new and exciting Microsoft Golf 2.0, you can customize the player and course views for an even more realistic experience.

- **What's New in Golf 2.0:**
  - **New, improved photo-realistic scenery**
  - **Reverse-angle view of the green and course profile**
  - **Player and course statistics**
  - **Customize the animated golfer**
  - **Seamlessly upgrades your original Microsoft Golf Championship Courses to new, 256-color graphics**
- **Microsoft Golf 2.0:**

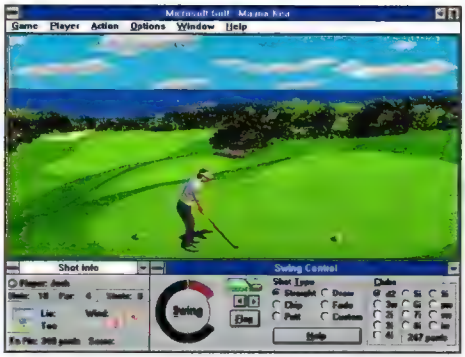
Microsoft Golf Championship Courses

An Exciting Challenge for Use with Microsoft Golf.

Mauna Kea Championship Course

The crown jewel of the golfing paradise of Hawaii, Mauna Kea was carved into the flow of an extinct volcano. Set against the rugged shoreline, its lush fairways make up an unforgettable course to play.

You've teed up for the par-3 Third—and the only thing between you and the pin is the Pacific Ocean.



- **Mauna Kea Championship Course:**
  Windows
  US $24.95
  Canada $34.95

Banff Springs Championship Course

Banff Springs is one of the most scenic locales in the world for championship golf. A mile high up in the soaring Rockies, amid the breathtaking beauty of Banff National Park, you're in for some incredible golfing. And sightseeing!

A crowning achievement, Banff Springs offers 6,643 yards of challenging play.

- **Banff Springs Championship Course:**
  Windows
  US $24.95
  Canada $34.95

Pinehurst® Championship Course

Beautiful and challenging Pinehurst Number Two is one of the world's premier courses. Meandering through North Carolina pine forest and flowering dogwood trees, this course has been home to PGA and Amateur championships and Ryder Cup matches. The multimedia version even gives you a video course tour.

Reservations at Pinehurst are typically needed 60 days in advance, but you can tee off right now!

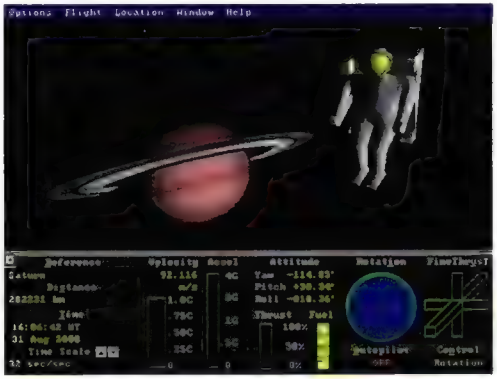
  US $49.95
  Canada $64.95

Experience the natural laws of the universe, such as gravity—you literally won't be able to resist!

Discover the wonders of the universe right in your own home with Microsoft Space Simulator. Stunning, photo-realistic graphics give you an endless choice of interstellar journeys you'll enjoy again and again.

- Zoom through the Milky Way galaxy, including the Earth's solar system, moons, comets, and asteroids—all realistically rendered, based on data from NASA and other sources.
- Choose from a variety of spacecraft to command, including the Space Shuttle and a Lunar Lander.
- Stretch your legs with a space walk in the Manned Maneuvering Unit.
- Take total command of your ship in Free Flight. Or challenge yourself to complete a mission. Don't get lost!
- Use the Observatory to view locations in space at any time up to 100,000 years in the past or future, and identify objects you encounter along the way.
- Blast off from Cape Canaveral or test your skills docking at a space station.



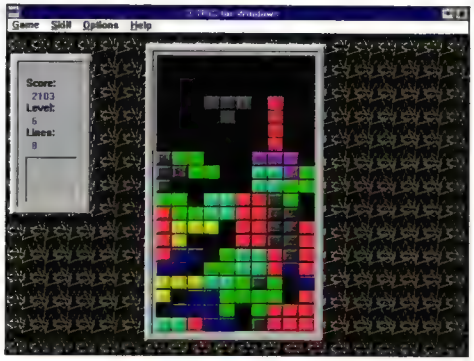
With Microsoft Space Simulator, you are free to travel the majestic universe.

The Best of Microsoft Entertainment Pack

Challenge Your Mind and Your Reflexes with the Most Popular Microsoft Games for Windows.

Back by popular demand, 13 of the greatest games are all right here in one convenient pack. Hours of fun and stimulation are yours with Taipei, Tut's Tomb, Rodent's Revenge, TriPeaks, Golf, SkiFree, JezzBall, Dr. Black Jack, TetraVex, as well as these famed all-time challengers:

- **TETRIS**™—Test your skills against the fastest action ever.
- **FreeCell**—It takes a lot of practice to win—even when all the cards are on the table!
- **Chip's Challenge**®—You're up against swamps, teleporters, ice, killer balls, and so much more, it's scary!
- **Pipe-Dream**™—Act fast or get soaked. You'll never look at a plumber the same way again!



- **Microsoft Entertainment Pack:**
  Windows
  US $24.95

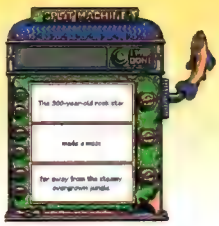
Think and act fast with Arcade's Missile Command. It's a blast for the entire family!

From the ventricles of the human heart and the plains of Africa to stimulating creativity, Microsoft Home transports your child into the fun of discovery and takes expanding young minds along for the ride!



Scholastic's The Magic School Bus™ Explores the Human Body

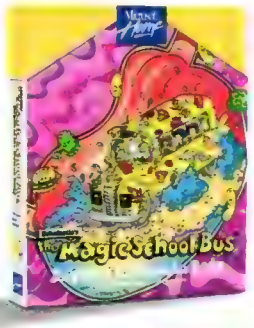
An Interactive Science Adventure for Kids Ages 6 to 10.

Join Ms. Frizzle and the class on a wacky field trip into—you've guessed it—Arnold's body! Travel in three dimensions through different organs, trace the journey through Arnold's body—even click on white blood cells and see them turn into a police car to fight off germs!

All the characters give show-and-tell multimedia reports to make science fun and easy to understand. Plus, your kid can try up to 12 science experiments and play with 12 informative games.

There simply isn't a better way to find fun facts about the human body!

- Explore how everything works in Arnold's body as you discover a way out and win the game!
- Just click to learn fun facts about where you are in Arnold's body.
- Actually drive the bus anywhere you want!
- Inspired by the best-selling books and new PBS television series from Scholastic.

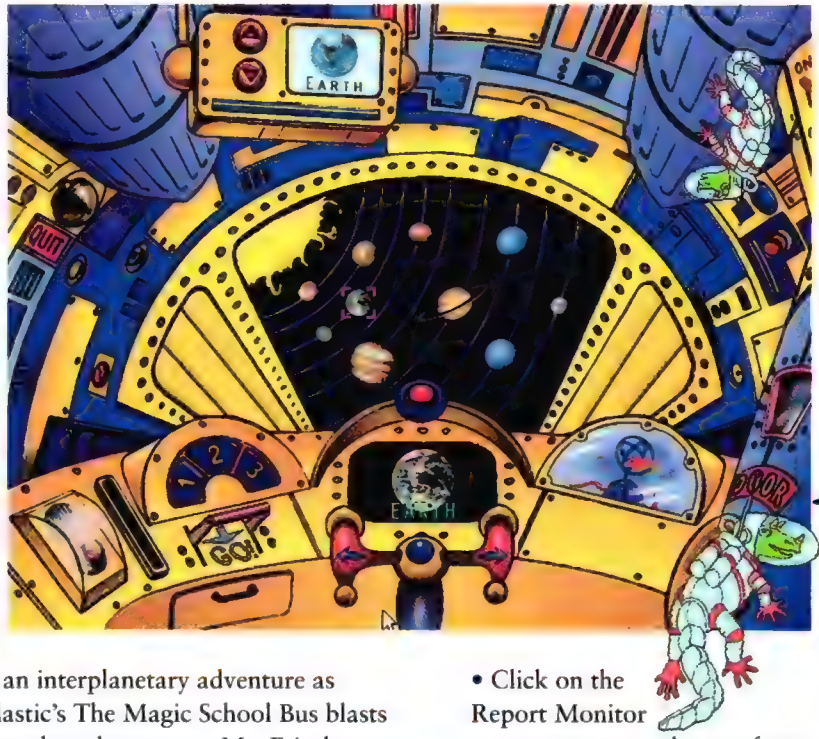


- **Scholastic's The Magic School Bus Explores the Human Body:**
  Windows CD
  US $49.95
  Canada $69.95

Take a wacky drive through Arnold's body on Scholastic's The Magic School Bus.

Scholastic's The Magic School Bus™ Explores the Solar System

An Interactive Science Adventure for Kids Ages 6 to 10.



- **Scholastic's The Magic School Bus Explores the Solar System:**
  Windows CD
  US $49.95
  Canada $69.95

Hi, I'm Liz. Just click on me and I'll help you out.

Blast off on a cosmic adventure through the solar system and learn the secrets of the planets and moons.

Take an interplanetary adventure as Scholastic's The Magic School Bus blasts off into the solar system. Ms. Frizzle gets lost in space, and it's up to the kids to collect clues, discover the secrets of the universe, and find The Friz!

Travel in three dimensions as you investigate planets and moons and see realistic NASA and Jet Propulsion Laboratory videos. Multimedia show-and-tell reports help your child learn how the solar system works. The nine science experiments give your child the exploration tools to make craters on the Moon, put rings around Saturn, and see how big Jupiter is by filling it up with other planets. The nine games supply fun that's out of this world.

- Click on the Report Monitor to see reports, cool space facts, and real space videos.
- Decorate the bus the way you like it with glow-in-the-dark stickers!
- Click on the Planet Picker to choose your cosmic destination.
- Explore with the class the surfaces of planets.
- The Clue Gauge lets you store clues that'll help you find The Friz and win!
- Inspired by the best-selling books and new PBS television series from Scholastic.

Have a blast with nine science experiments and nine games!

Have a blast with nine science experiments and nine games!

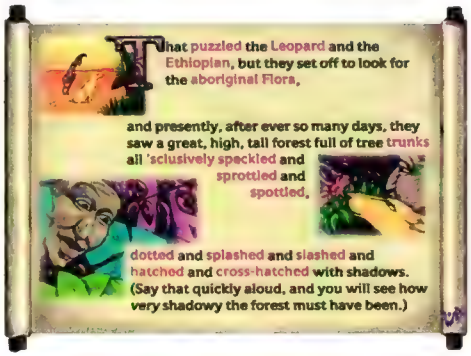
"How the Leopard Got His Spots"

An Interactive Storytelling Adventure for Kids Ages 4 to 9.

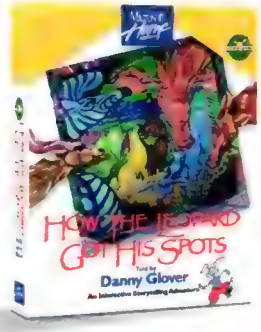
P.J. Rabbit™ is your child's guide into the informative and imaginative world of Rudyard Kipling's captivating story, "How the Leopard Got His Spots." The story is narrated by Danny Glover, but kids can also read at their own pace. Difficult words and phrases are defined and the text of the story is highlighted to help early readers improve their vocabulary and reading abilities.

There are always new surprises, as well. Click through the story and discover surprise animations and silly sounds. Put together a puzzle. Paint the animals in the forest zany colors in the "Paint the Forest" game. Or play games like "Music Matches" or Mancala, the classic African stone game.

Explore P.J. Rabbit's hole, where kids can read animated picture books about the author and learn about what it's like to be a child in South Africa. Illustrated by Lori Lohstoeter and with music by Ladysmith Black Mambazo, "How the Leopard Got His Spots" is a beautiful, enchanting, and fun story that all kids should read and learn about.



hat puzzled the Leopard and the Ethiopian, but they set off to look for the aboriginal Flora,
and presently, after ever so many days, they saw a great, high, tall forest full of tree trunks all 'sclusively speckled and sprottled and spottled,
dotted and splashed and slashed and hatched and cross-hatched with shadows. (Say that quickly aloud, and you will see how very shadowy the forest must have been.)



- **"How the Leopard Got His Spots":**
  Available in early 1995.
  Windows CD
  US **$49.95**
  Canada **$69.95**

Danny Glover narrates this magical version of Rudyard Kipling's classic.

Click and the zebras play a lively game of ring toss. Many magical surprises await to be discovered.

RABBIT EARS PRESENTS

Gahan Wilson's The Ultimate Haunted House Game

Trapped! And You've Got to Get out Before Time Runs out. For Kids Ages 8 and up.

- **Gahan Wilson's The Ultimate Haunted House:**

Mac CD
US $49.95
Canada..... $69.95
Windows CD coming soon.

Explore Gahan Wilson's Ultimate Haunted House, 13 rooms oozing with creeps, ghosts, monsters, and ghouls. Enter at your own risk!

Gahan Wilson, America's master of the macabre, created this fantastic game. You're trapped inside a haunted house and you must search the 13 rooms of the house to find the 13 missing keys before time runs out. Along the way, you'll meet a cast of characters, some who will help you, others who can trick you! Visit the animals in the Menagerie, but heed the warning and don't feed the fish! Try cooking up a ghastly stew in the Kitchen or play a most unusual organ in the Music room. Visit the Wreck room and try to trap your next victim, or catch up on some fabulous film clips in the Screening room. You can also build your own incredible monster in the Monster Lab and bring it to life with the laser. But beware: Your creation can turn on you! It doesn't matter how often you play Gahan Wilson's Ultimate Haunted House, you never get the same game twice.

BYRON PREISS MULTIMEDIA

Feed the monsters in the menagerie but heed the warning! DON'T feed the fish.

Expand your child's mind and stimulate a growing imagination with Kids' Creativity titles from Microsoft Home. With the help of McZee™, these programs are designed to unlock your child's natural creativity, encouraging kids to get beyond the "blank" page or canvas. After all, it's never too early to inspire a budding writer or artist!

Fine Artist

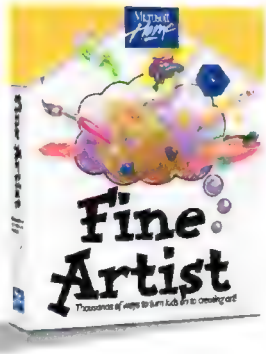
Thousands of Ways to Turn Your Kids on to Art. For Kids Ages 8 and up.

Fine Artist lets kids unlock their creativity and express themselves artistically on your home computer. They can create everything from animated pictures to posters, comic strips, buttons, stickers, and other cool stuff. Fine Artist works easily and intuitively and features two wacky characters to guide kids through the program. Kids can jump into creativity right away!

- Learn basic art techniques like adding dimension to drawings.
- Animated clip art and paint-bucket fills bring pictures to life.
- 72 paintbrush styles.
- Up to 76 custom colors and patterns.
- Everything kids need to create a multimedia picture show.
- Special letter effects to let kids shape, fill, color, and shadow words.

What's new with the CD-ROM version of Fine Artist:

- More than 500 new stickers.
- More than 300 zany new sounds.
- 50 new animated stickers.
- 37 new backgrounds, plus 18 new comic-strip backgrounds.



- **Microsoft Fine Artist:**

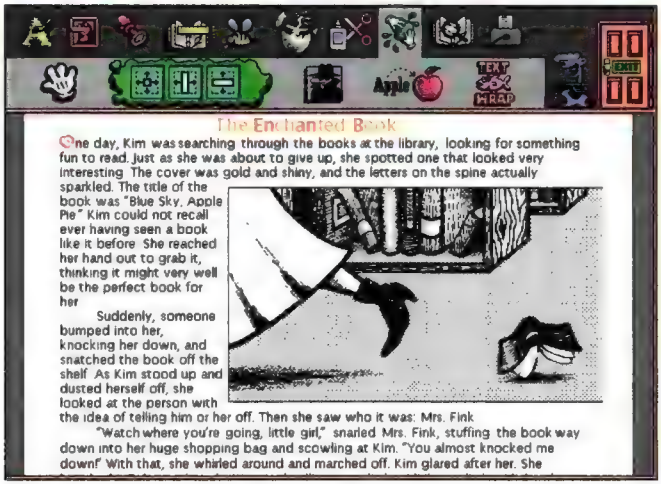
  Windows and Mac CD
  US $49.95
  Canada $69.95

Create a multimedia slide show by adding pictures and sounds to The Picture Show.

Creative Writer

Thousands of Ways to Turn Kids on to Creative Writing. For Kids Ages 8 and up.



The Enchanted Book
One day, Kim was searching through the books at the library, looking for something fun to read. Just as she was about to give up, she spotted one that looked very interesting. The cover was gold and shiny, and the letters on the spine actually sparkled. The title of the book was "Blue Sky, Apple Pie." Kim could not recall ever having seen a book like it before. She reached her hand out to grab it, thinking it might very well be the perfect book for her.
Suddenly, someone bumped into her, knocking her down, and snatched the book off the shelf. As Kim stood up and dusted herself off, she looked at the person with the idea of telling him or her off. Then she saw who it was: Mrs. Fink.
"Watch where you're going, little girl," snarled Mrs. Fink, stuffing the book way down into her huge shopping bag and scowling at Kim. "You almost knocked me down!" With that, she whirled around and marched off. Kim glared after her. She

Microsoft Explorapedia

The Ultimate Reference Library for Kids Ages 6 to 10.

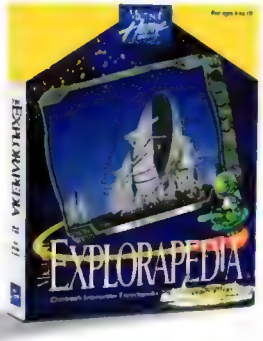
Microsoft Explorapedia™ is the children's interactive encyclopedia series. Join Thaddeus ("Call me Tad") Pole on his frogship and discover—through animation, sound, and interactive learning—a wealth of information about the World of Nature and the World of People. The Exploratron™ knowledge discovery gadget is your child's window to knowledge, encouraging continued discovery of each topic and including more than 20 engaging InterActivities that help reinforce learning.

Hi! I'm Tad! Let's learn together. It's easy and fun, and I'll help you if you need it!

Surprises await you on Tad's frogship, plus the Wise Quackers learning game and Wise Visors projects encourage creative thinking and writing.

All content is narrated by children, so early readers can fully enjoy it. (You can also turn narration off.) Color photographs and illustrations highlight the many fascinating facts found in the Explorapedia series.

Microsoft Explorapedia: *The World of People*



- **Microsoft Explorapedia The World of People:**
  Available in early 1995.
  Windows CD
  US.....$49.95
  Canada.....$69.95

Click different parts of the screen and you'll see—and learn about—magic, musical instruments, dance, and much, much more.

With Explorapedia, the children's interactive encyclopedia series, your child can join Tad on his frogship and discover, through sound, animation, and rich content, the incredible world we live in. Topics include the sciences, art, literature, transportation, theater, sports, farming, plus much more. Thaddeus guides kids through more than 180 topics with 40 videos, over an hour of animation, original songs, and more than 400 sounds.

Microsoft Explorapedia: *The World of Nature*

- **Microsoft Explorapedia The World of Nature:**
  Available in January 1995.
  Windows CD
  US $49.95
  Canada $69.95

Click anywhere, but watch out! These sharks are on the move! Surprises and learning await young minds.

Surprises await everywhere aboard Tad's frogship as kids use the Exploratron knowledge discovery gadget to learn about rain forests, polar regions, lakes, deserts, oceans, grasslands, mountains, savannas, deciduous forests, seashores, coral reefs, rivers—even the universe—and much, much more. Thaddeus Pole guides kids through more than 200 topics with more than 50 videos, over an hour of intriguing animation, original songs, and more than 400 sounds. And hundreds of color photographs and illustrations highlight the many fascinating facts of nature.

BEETLES
Food
Some beetles are active hunters. The long-legged tiger beetle, for example, hunts down and eats smaller insects. Other beetles eat only plant material.
Deciduous Forests

The Exploratron is your child's window to knowledge.

Microsoft Home has a range of software programs designed to make every personal and business task easier and more enjoyable. Track your investments, write your local politician, design a club newsletter—and still have time left over to do what you want to do.

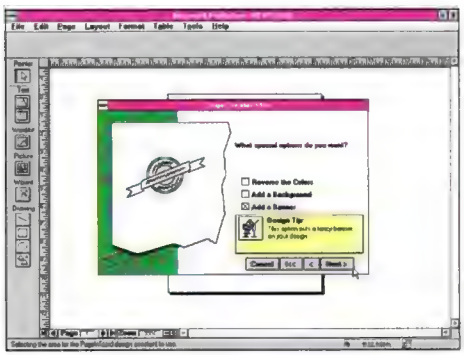
Microsoft Publisher Version 2.0

Desktop Publishing Program.

You don't need any design experience to get great-looking results with Microsoft Publisher, the world's best-selling desktop publishing package. That's because Microsoft Publisher simplifies every aspect of the design process so you look great, without having to hire a professional designer. Get the power to create high-quality newsletters, brochures, flyers, banners, greeting cards, invitations, and more, in just a few easy steps.

Every stage is simplified with the unique PageWizard™ design assistants. Truly interactive, they ask questions about how you want your publication to look.

Then, with just a couple of clicks of the mouse, they create your layout for you. All you have to do is drop in text and images. Add a few personal touches like color, special text effects, clip art, borders—even 3-D boxes. And it's fun!



Create logos and icons to fit your image with the Logo Creator. All you have to do is answer a few simple questions.

Browse through the more than 125 clip-art images included in Publisher, or add to the clip-art Gallery from other sources.

With Microsoft Publisher, it doesn't take much to make you look great.

- 17 PageWizard design assistants do layouts for you.
- 35 professionally designed templates help you get started.
- Choose from more than 125 clip-art images to spice up your documents.
- Create special text effects with WordArt.
- Create your own logos or other graphic emblems in a snap with the Logo Creator Plus.

And if you get the CD-ROM version of Microsoft Publisher, you'll also receive, as a bonus, the Special Occasions Design Pack. Plus, more than 200 clip-art images, templates, fonts, and more—free!

  US $99.95
  Canada $139.95

Can you guess what this is?
See answer below.

Personal computing should be—well—personal. That's why Microsoft Home gives you hardware and software to customize your computer. Speak directly to your word processor, view your favorite movie star, or get a keyboard that fits your hands perfectly. Microsoft Home lets you make your computer distinctly yours.

Microsoft Scenes Version 2.0 for Windows

Show Your Own Personal, Full-Screen Pictures on Your PC!

Now there are seven new screen saver collections for the Microsoft Windows operating system. Choose from some of the world's most striking photographs, or add your own personal snapshots. It's fast and easy. Each Scenes collection contains a special offer to get 12 prints, slides, or negatives, or a roll of 24- or 36-exposure film, scanned onto a disk to run with Scenes (details of offer in every box). It's never been easier to view, organize, and share your pictures on your PC.

- **Brain Twister Collection:**
  US $24.95
  Canada $34.95

Includes 3-D stereograms!

Answer: Velcro magnified eight times, as featured in the Microsoft Scenes Brain Twister Collection.

Microsoft Natural Keyboard

Discover a More Natural Hand Position for Comfortable Computing.

The way the Microsoft Natural Keyboard™ fits you, we really should be asking you to try it on rather than try it out. An entirely new kind of keyboard, it's designed to promote a more natural, comfortable posture for typing. By splitting the keypad, rotating the keys, and gently sloping the keyboard, it promotes a straighter wrist posture and a more relaxed shoulder position. But you get more than increased comfort: Three new keys and powerful IntelliType software make it easier to control the Microsoft Windows operating system from the keyboard.

- **Microsoft Natural Keyboard:**
  Windows
  US **$99.95**
  Canada **$129.95**

Microsoft Mouse

For Both MS-DOS and Windows Operating Systems.

The ergonomically designed Microsoft Mouse is the ultimate pointing device for the Windows operating system. And it now includes the innovative new Microsoft IntelliPoint software,* which increases productivity by simplifying repetitive tasks:

- IntelliPoint Toolbar—Makes it easier to activate the features you use most.
- Shortcuts—Assign common tasks to each button. Press both buttons together to get an "additional button" for assigning common tasks.
- ClickSaver—Click just once instead of twice.
- LineLock—Lock the cursor in horizontal or vertical motion.
- SmartSpeed—Adds control and accuracy by slowing down the cursor whenever it's over icons, title bars, scroll bars, and window borders.
- AutoScroll—Now you can scroll diagonally through spreadsheets.

*Requires Windows 3.1 or later.

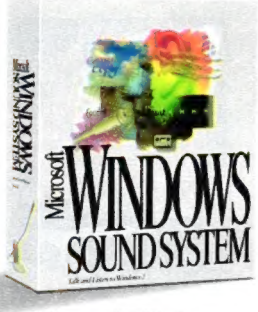
Microsoft Windows Sound System Version 2.0

Talk and Listen to Windows!

Speak out and listen to Microsoft Windows™ Sound System version 2.0—easy-to-use sound tools that let you interact with your favorite applications in an exciting new dimension. Talk and listen to your computer. Even customize your system to respond to your spoken commands. Record your voice, music, or other sounds. Play and control your favorite audio CDs from your desktop.



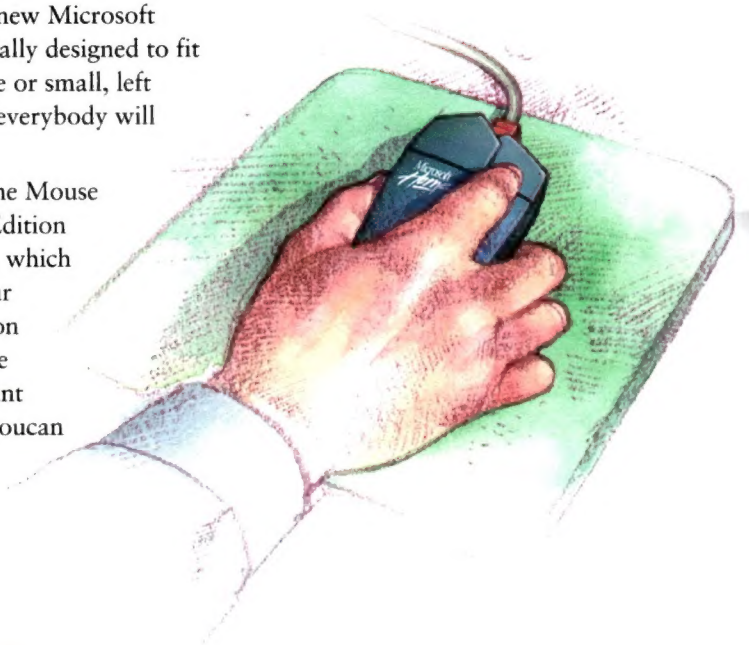
- **Microsoft Windows Sound System:**
  (microphone and software)
  Windows
  US **$59.95**
  Canada **$84.95**

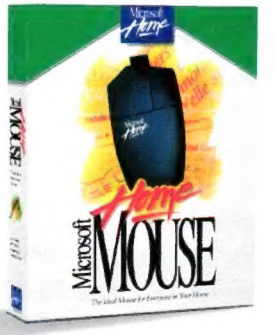
Microsoft Home Mouse

The Ideal Mouse for Everyone in Your Home.

Get your hands on the new Microsoft Home Mouse. It's specially designed to fit any type of hand—large or small, left or right. Which means everybody will enjoy using it.

And the Microsoft Home Mouse comes with the Home Edition of IntelliPoint software, which lets you personalize your computer with animation that accompanies mouse clicks. For example, point with a plane and see a toucan when you click!



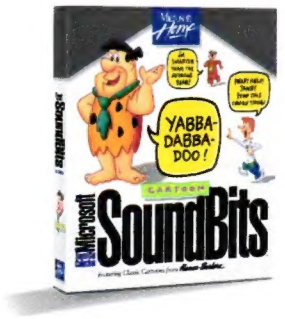


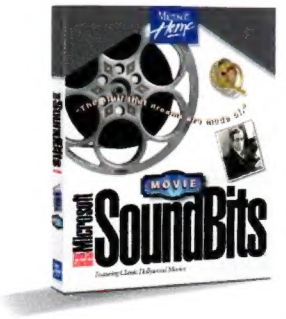
- **Microsoft Home Mouse:**
  Windows
  US $44.95
  Canada $59.95

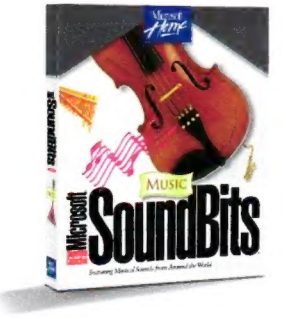
Microsoft SoundBits

Sound Clip Collections for Microsoft Windows.

Now you can make Windows sound as good as it looks. Three fun-filled collections feature sound clips you can add to make using your home computer more entertaining!







- **Microsoft SoundBits–Hanna-Barbera®:**
  Windows
  US $24.95
